

PUTTING YOUR BEST INTEREST FIRST SO YOUR TEAM CAN FOCUS ON SERVING THOSE IN NEED

WE UNDERSTAND YOUR INDUSTRY

For more than 35 years, The Partners Group has specialized in partnering with the non-profit industry, providing unmatched expertise in insurance, investments, retirement, and employee benefits.

We understand the challenges your organization faces, including legislative pressures, increasing healthcare costs and regulations, board development, funding challenges and tracking deliverables. **As a result, it is more important than ever to strategically partner with an organization that works to serve your best interests first, so your team can focus on serving those in need.**

A CULTURE COMMITTED TO COMMUNITY SUPPORT AND INVOLVEMENT

The Partners Group has a legacy of community service and benevolence. We have received multiple corporate philanthropy awards, reflecting the values of our company and commitment to the communities we serve. Everyone volunteers at The Partners Group, including our top executive leaders.

Additionally, The Partners Group employees are encouraged to volunteer during the year on paid company time as part of our wellness program, which encourages personal, family, community and environmental activities for employees.

In fact, we have a company-wide holiday volunteering program as part of our wellness program, where every employee donates a day to a local charitable organization while the company makes a donation to each organization. Consequently, over 3,500 hours a year are volunteered by TPG employees, a number that grows each year as the company grows.

WHY WORK WITH THE PARTNERS GROUP?

The Partners Group is known for its commitment to creating solutions to help clients chart a path for success. Our greatest strengths include our track record of building strong working relationships with our clients combined with our highly-consultative and problem solving approach. We integrate into your operational structure, allowing our team to better manage your costs while providing proactive feedback and data to improve efficiencies and prevent future cost escalations.

WHERE TO BEGIN?

We begin by getting to know your organization's unique needs and challenges. Then we research the latest trends, explore the most innovative options, collaborate with you to find the best options, and work to keep your goals on track. It's how we save you time, money and headaches. It's why we're one of the most respected insurance and financial firms in the Northwest.

Think The Partners Group would be a good fit for your company? Call us to set up a Right Fit consultation.
