## ■ Who We Serve

The Partners Group is not only the Northwest's largest independent employee benefits firm, and provides employee benefits services to more Washington School Districts than any other firm. We work directly with more than 50 school districts in addition to being the Co-General Agent for the Washington Educational Insurance Pool serving 119 districts and providing benefits to more than 40,000 members. We have worked to ensure both districts and their employees in this market have the benefits support they need since 1974.

## ■ Commitment to Continued Focus on Washington School Districts

We've built our team and expertise serving Washington state school districts. We will continue to serve our school district clients regardless of whether they are required to purchase benefits through the School Employees Benefits Board in 2020.

We are dedicated to providing the same exceptional eligibility, compliance and enrollment support for all of our K-12 clients.

***SEBB or no SEBB,  
we are committed to  
the K-12 market.***

## ■ Why Work with The Partners Group?

As the trusted partner of more than 50 educational institutions, we recognize that each school is as unique as the community it serves. We understand regional differences, from urban to rural districts, and when inter-local strategies are appropriate.

For more than 35 years, The Partners Group has specialized in working with school districts. As a result, we fully understand how to support the well-being and needs of educational professionals. Our school district benefits team specializes in providing a highly consultative approach to help improve employee health, and create long-term health plan stability.

As one of the Northwest's top employee benefit firms, The Partners Group K-12 team members have an average of over 10 years experience and provide benefits services to over 40,000 K-12 employees and their dependents. After years of serving school districts, we know how to take care of you!
