Nationwide®
is on your side

Get started today!

Download tips

1. To access your account via a smartphone or tablet, simply go to your app store and type **Nationwide Private Client Connect** into the search box and download the app. If you are using an iPad, you may need to search “iPhone only” apps. To access via your computer, visit nationwide.com/privateclient and log in.
2. If you are a first-time user, you'll be asked to create an account and enter your policy number, date of birth and ZIP code (your policy number can be found on your policy declarations page).
3. Once registered, create your user name and password and begin to explore all the available features securely and conveniently at your fingertips 24/7.

Registration tips

1. If you have a policy with Nationwide Private Client, click “create an account.”
2. Enter the first 10 digits of your policy number, date of birth, and ZIP code, then click “next.”
 - Policy number can be any product written with Nationwide Private Client (home, auto, collections or excess)
 - Date of birth must match that of a named insured on your homeowners policy
 - ZIP code must be that of the residence address
3. Once registered, create a username and password.
4. Click the “yes” radio button, and then click “finish.”
5. Explore the available features, such as billing and payments, my policies, find my car and more.

This screenshot shows the initial registration screen. It includes a 'WELCOME TO Private Client Connect' header, a link to 'create an account', and input fields for 'Username' and 'Password'.

This screenshot shows the verification step of account creation. It asks the user to verify their account by entering their policy number and answering security questions. Fields include 'Your Policy Number', 'Your Birthdate', and 'Your Zip Code'. A 'Next' button is at the bottom right.

This screenshot shows the final step of account creation. It asks the user to complete registration by entering a case-sensitive username and password. It includes fields for 'Enter Your Desired Username', 'Enter A Password', and 'Re-Enter Password'. A 'Finish' button is at the bottom right.

If you have registered for Private Client Connect on your computer, there is no need to register again on the app. Simply use the same username and password.
