## PHYSICIANS ADVISORY SERVICES

A division of The Partners Group focused solely on the needs of physicians.

Patients need someone they can count on.  
When it comes to your financial well-being, so do you.

We take care of those  
who take care of others.

## PHYSICIANS. SURGEONS. THOSE WHO'VE PLEDGED AN OATH TO HELP AND HEAL.

For more than 20 years, The Partners Group has helped physicians safeguard their financial future with unmatched expertise in insurance, investments, retirement and employee benefits. We were made to protect and advance your financial well-being. Over the past two decades, we've helped more than 20,000 physicians manage debt, optimize cash flow, save for the future and protect all they've worked so hard to earn.

We're more than specialists in the financial well-being of physicians.  
We're specialists in helping you achieve peace of mind.

## A prescription for today's challenges.

Whether you're fresh out of medical school, in the midst of an exciting career or on the cusp of retirement, you have challenges unique to your profession. And your life.

When you're caring for others, it's easy to lose sight of what it means to take care of yourself. We'll help you make sense of the ever-changing financial landscape and find the clear path to your goals.

Need a financial reality check? A plan to trade student loan debt for ongoing savings? A validation that your finances are as ready for retirement as you are? No matter where you are on life's journey, we're there with the tools, expertise and experience you need for a healthy financial future. And because we do everything from insurance to investments to financial planning, you have a single source to help you be ready for whatever's around the next bend.

## And tomorrow's dreams.

### Our CV.

Thinking about putting us to work for you?  
Consider our qualifications.

Rooted in the Northwest, The Partners Group has grown to become one of the nation's largest providers of insurance, investments, retirement planning and employee benefits to physicians and clinics. We're an endorsed partner of the Oregon Medical Association. We've provided customized solutions, one-on-one attention and extraordinary service to physicians and clinics for more than 20 years.

Perhaps most important, we serve as a trusted financial partner. Making the complex simple. Helping you manage debt, cash flow and benefits. Advising on key areas of your life that others may overlook.

Who else understands what it takes to run a busy practice? How to protect unusual personal assets like a rare wine collection? How to mitigate the risk of lawsuits—or your new teenage driver? As the region's leader in physicians advisory services, we're uniquely positioned to help you do something extraordinary: understand your unique risk exposures and care for your financial well-being as passionately as you care for others.
